

Privacy Policy of *Irrigation and Drainage*

1. The International Commission on Irrigation and Drainage (ICID) with its Central Office based in New Delhi, India publishes its scientific Journal Irrigation and Drainage based on an Agreement with the publisher M/s John Wiley & Sons, Inc (UK).
 2. The publisher has developed a privacy policy for its activities that recognizes the importance of protecting the personal information collected from users in the operation of its services and taking reasonable steps to maintain the security, integrity and privacy of the collected information (see: <https://www.wiley.com/enus/privacy>). ICID submits on an annual basis information on members of its National Committees or direct members to M/s Wiley in relation to the special ICID member subscriptions that have been agreed upon with M/s Wiley. With respect to this, ICID consents to the practices described in the privacy policy of M/s Wiley. In addition, although it was not yet formulated in a formal policy, it has always been ICID's own practice, as it will be in future as well, not to use the data of members of its National Committees and of direct members for other purposes than where the data are intended for. In case of its Journal Irrigation and Drainage, this is just to enable M/s Wiley to provide the ICID members with access to the Journal, either by online access and/or by provision of printed copies. The information that is collected concerns only the contact data of the individuals and institutions that are entitled to receive Irrigation and Drainage, either by online access, or in print. ICID's Central Office collects these data by sending, on an annual basis, the draft lists of the potential subscribers to the secretariats of its National Committees with an invitation to check them and to inform ICID's Central Office on any corrections that are required. The revised list is then submitted to M/s Wiley.
 3. The existing practice has been formalized in a policy during the International Executive Council (IEC) meeting August 12-17, 2018 in Saskatoon, Canada.
