COMMISSION INTERNATIONALE DES IRRIGATIONS ET DU DRAINAGE

Du Bureau du Secrétaire Général...

Chers amis,

Il y a à peine deux mois pour les réunions d'avant Conseil de la 62ème CEI de Téhéran. Le Bureau Central est engagé dans le processus de préparatifs pour diverses réunions des organes de travail. Les professionnels du Bureau Central restent en contact avec les Présidents de ces organes de travail pour une retouche finale des notes de l'Ordre du Jour de toutes ces réunions. Je souhaiterais pouvoir obtenir votre soutien dans ce processus.

Je représenterai la CIID dans les réunions importantes qu'il est prévu de tenir à Stockholm la semaine prochaine lors de la Semaine Mondiale de l'Eau. Concernant d'autres événements, il convient de noter en particulier (i) les réunions de l'UN-Eau auxquelles participe la CIID en tant que partenaire de l'UN-Eau, (ii) la réunion du Groupe de Travail-WUE/WP coordonnée par la FAO, (iii) les contributions au 6^{ème} FM, notamment le « Domaine thématique prioritaire – contribution à la sécurité par l'utilisation efficace de l'eau ». Suivent d'autres événements auxquels la CIID fut invitée : Réunion GWP des Partenaires consultants, IWALC et CME. L'AFEID propose aussi d'organiser un séminaire sur la "Qualité de l'eau appropriée à l'usage – Perspective des responsables de régularisation et des praticiens". Cet événement sera animé par M. François Brelle, Président de l'AFEID. Une Session Spéciale sera également tenue, portant sur "l'Eau et la Sécurité Alimentaire : Appel aux solutions" – session à laquelle la CIID se fera représentée dans le Panel. Pour compléments d'informations à ce sujet prière d'aller au site : <http://www.worldwaterweek.org>. Seront bienvenues les propositions que vous aurez faites pour l'éclat de ces événements, en particulier sur le Thème

2.2 qui traite plusieurs sous-sujets. Le projet de ce Thème, maintenant à l'étude tel que préparé par le PH Bart Schultz, figure sur notre site web. Les propositions que vous aurez émises sur l'Equipe de Pilotage sur « l'Efficience de l'Eau » constituée par l'UN-Eau – Equipe préoccupée surtout par la terminologie et la définition sur la Comptabilisation de l'Eau, cette question étant reconnue au niveau international – me permettront également d'avoir une interaction en cette matière.

J'espère que vous accélérerez les préparatifs pour votre participation au 62ème CEI de Téhéran. En cas de besoin, prière de contacter sans hésitation aucune, notre Comité National Iranien (IRNCID) à : irncid@gmail.com, icid2011@gmail.com.

Enfin, je tiens à retenir votre bienveillante attention sur le Rapport Annuel CIID 2010-2011 affiché sur notre site web, portant les aspects clés des activités CIID au cours de l'année écoulée.

Meilleurs sentiments,

Le Secrétaire Général

M. Gopalakrishnan

News from National Committees

BANCID (Bangladesh)

BANCID has drawn up a Work Plan for the year 2011 in which the following shall figure as the key activities of the National Committee.

- (a) Two Seminars related to Water Resources Development and Management in Bangladesh would be arranged by the seminar sub-committee of BANCID
- (b) A yearly Newsletter would be published by the publication sub-committee of BANCID by February, 2012.
- (c) An inventory of the studies on irrigation, drainage, river training works, environment and climate change would be prepared jointly by CEGIS and IWM. A student at undergraduate level of Department of Water Resources Engineering, BUET would be assigned as a part of his project work to prepare an inventory on the above studies in consultation with CEGIS and IWM.

Greece (GRCID)

Greek National Committee in collaboration with other national organizations will be organizing an international training seminar – course on "Application of Satellite Remote Sensing Technologies in Management of Land Reclamation Projects and Environmental Management" to be held in Athens from 1st to 30th of November 2011.

The main objective of the Seminar is to intensively train the participants to operate remote sensing and GIS software packages and become competitive with the public as well as in private sector. It is strongly felt that the experience gained (through such courses) all these years of implementing satellite and geospatial technologies can be proved to be very useful and applicable in other countries exhibiting similar requirements.

ICID National Committees/Committee may nominate participants in the seminar, if desired. More information can be had from GRCID at Tel: 00 30 210 5294075, Cell: 00 30 6945 800369, E-mail: gcid.course@gmail.com

UK.ICID (United Kingdom)

Prof. Dr. Bruce Lankford has assumed the role of ICID.UK Chairman, consequent to the stepping down of Dr. Ragab Ragab on 25 July 2011. Prof. Lankford is an acknowledged scientist and had been contributing to ICID richly. His contact details are:

Dr. Bruce Lankford, Chairman, British National Committee of ICID (ICID.UK), Head of School/Sr. Lecturer/Consultant, School of Development Studies, University of East Anglia, Norwich, NR4 7TJ UK, Tel: (44) (0) 1603 593378, Fax: (44) (0) 1603 451999, E-mail: B.Lankford@uea.ac.uk

ICID fraternity extends its warm welcome to Prof. Lankford in his new capacity as Chairman of UK.ICID and expresses its thanks to Dr. Ragab Ragab, who has

relinquished the position of Chair, UK.ICID after his 4-years term.

MANCID Delegates visit ICID Central Office

MANCID delegation consisting of eight Senior Level Officers led by Vice President Hon. Ir. Mohd. Azhari bin Ghazalli visited the Central Office on 22 July 2011 and held discussions with ICID Professionals. Dr S.A. Kulkarni, Executive secretary welcomed the delegates and briefed them on how ICID

has evolved over the years and role played by MANCID in ICID. VPH Ghazalli then informed about on-going activities of MANCID including the business arm of the MANCID. The delegates were taken to visit the Water Technology Center at Indian Agricultural Research Institute, New Delhi where they were introduced to low cost irrigation equipments for small land holding farmers. They also visited the National Agricultural Museum located in premises and were impressed with the exhibits.

3rd African Regional Conference of ICID on Irrigation and Drainage

The 3rd African Regional Conference on Irrigation and Drainage on the theme “*Food Security and Climate Change: How to Improve the Contribution of Irrigation*” will be held at Bamako, Mali 29 November to 05 December 2011. In conjunction with the Conference, the 3rd African Exhibition of Irrigation and Drainage (SAFID) will be organized by the African Regional Association of Irrigation and Drainage (ARID). The Conference aims to answer questions such as — How to reduce the effects of climate change on irrigation? What are the ways to enable irrigation to play a bigger role in food security without causing adverse impacts for the environment?

The conference theme, **Food Security and Climate Change: How to improve the contribution of irrigation and drainage?** aims to propose strategies and policies that will allow the irrigation to fully play its role in securing agricultural production. The conference theme will have three sub-themes and two panels covering various aspects of the main theme. Besides the Conference, a Training Session on “Advanced technologies of drip irrigation” will also be held from 21 November to 3 December 2011.

The deadlines to receive abstracts are – **31 August 2011**, full papers for oral and poster sessions are **31 October 2011**. For more information about the Conference, please contact: Dr. Adama SANGARE, Secretary General, Association Malienne des Irrigations et du Drainage (AMID), Au Modibo Keita, Im Sulla and Fils, BP 1840, BAMAKO, Mali. Tel: (223) 222 75 21, Mobile No.: (223) 674 08 94, Fax: (223) 223 48 82, E-mail: a.sangare@betico.net; betico@betico.net, Website: <http://www.amid-mali.org>.

2nd Edition of the ‘Water for Life’ UN-Water Best Practices Award

UN-Water has just launched the 2nd edition of the ‘Water for Life’ UN-Water Best Practices Award which will focus on the theme for World Water Day 2012 “Water for Food Security”.

The purpose of the Award is to promote efforts to fulfill international commitments made on water and water-related issues by 2015 through recognition of outstanding best practices that can ensure the long-term sustainable management of water resources and contribute to the achievement of internationally agreed goals and targets contained in the Millennium Development Goals (MDGs), Agenda 21 and the Johannesburg Plan of Implementation.

The prize is awarded yearly in two categories, one in best water management practices and another one in best participatory, communication, awareness-raising and education practices. The application period is open up to 30 September 2011.

More information is available at <http://www.un.org/waterforlifedecade/waterforlifeaward.html>

New Additions to ICID’s TDS Database (July 2011)

The additions during the months to the TDS Database are:

Article Section – 48 additions (Articles / Papers)

- (i) Irrigation and Drainage – The Journal of the ICID, July 2011, Vol. 60, No. 3 (13 articles)
- (ii) Journal of Hydraulic Research, 2011, Vol. 49, No. 2 (15 articles)
- (iii) Canadian Journal of Plant Science, September 2010, Vol. 90, No. 5 (4 articles); November 2010, Vol. 90, No. 6 (4 articles)
- (iv) WMO Bulletin, 2011, Vol. 60, No. 1 (6 articles)
- (v) California Agriculture, April-June 2011, Vol. 65, No. 2 (3 articles)
- (vi) Hydro Nepal, January 2011, No. 8 (3 articles)

Book Section – 11 additions; till date 31836 additions have been made to TDS database. The Text Delivery Service (TDS) has received one request during the period from India.

The Text Delivery Service (TDS) database can be accessed by visiting ICID website: www.icid.org.

International Workshop on Floods in Pakistan

Pakistan National Committee of ICID (PANCID) / Federal Flood Commission of Pakistan and ICID organized an International Workshop on 'Floods in Pakistan in 2010 – Lessons Learnt & Way Forward' on 12 March 2011 at the auditorium of Pakistan Engineering Congress. This workshop was organized under the leadership of Vice President Engr. Husnain Ahmed, President of the Pakistan Engineering Congress in cooperation with Dr. Kamran Emami (Iran) Chairman of WG-CAFM.

The event was presided over by Chief Guest, H.E. Syed Naveed Qamar, Hon'ble Federal Minister of Water & Power and graced by Mr. Asjad Imtiaz Ali, Chief Engineering Advisor / Chairman, Federal Flood Commission / Chairman, PANCID and Deputy Chairman, National Disaster Management Authority (NDMA). The workshop was well attended by experts from ICID and delegates from organizations like WWF and others.

N.D. Gulhati Memorial Lecture

The N.D. Gulhati Memorial Lecture was instituted in 1981 in the loving memory of late President Hon. N.D. Gulhati (India). The continuity of the Lecture stood interrupted after 1993 but was restored in 2005 at Beijing, China. The Memorial Lecture is intended to bring out significant global developments and world knowledge in the fields of irrigation, drainage, flood management and river training including all allied aspects like Environment, Sociology, Economics, etc. The Memorial Lecture is delivered at each triennial ICID Congress by an eminent international personality. ICID Central Office had invited nominations from all National Committees for nominees to deliver the N.D. Gulhati Memorial Lecture.

A Selection Committee constituted for the purpose has proposed Dr. Charles Michael Burt (USA) for delivering the Distinguished Lecture on the occasion of the 21st ICID Congress at Tehran. Dr. Burt has opted to talk on "*Challenges of the Irrigation Engineering shift to Modernization, and away from Construction of Dams and Canals*". All are cordially invited to attend and grace the lecture during the Tehran congress in October 2011.

The aim of the workshop was to probe, analyze the phenomena of floods in the national and international perspective and to formulate a strategy to fight out the disastrous socio-economic fall-out. There were 15 presentations made by foreign and local delegates and later the workshop made recommendations to Federal Government for improving flood management in Pakistan. Irrigation Australia Conference 2011- Countdown begins

The countdown to Irrigation Australia Conference 2011 is on and if one is planning to attend, it is time to register. The theme of the conference, being held 22-25 August at Launceston, is Irrigation – New Horizons, Fresh Ideas. There is a great line up of presenters, excellent post conference tours and this is a unique opportunity to see and hear about developments in irrigation in the Apple Isle, as well as catch up with policy and technical developments generally. To check out accommodation options, conference program, workshops and more, access the conference link:

'Water Management in Motion' - DVDs on Water-Management and Allied Topics

Since *The Water Channel* was launched in 2009, there have been considerable demands for some of the videos are made available on discs. Most of this demand came from educational institutions in developing countries, where internet connectivity is often slow and limited.

Then a survey was carried out among members of Cap-Net, the international network for capacity building in IWRM, to assess the exact nature and extent of this demand. Based on the findings, 'Water Management in Motion,' a set of

Best Performing National Committee Award

The Panel of Judges for the 4th Award for the Best Performing National Committee (BPNCA-4) has selected the South African National Committee on Irrigation and Drainage (SANCID) for the Best Performing ICID National Committee Award (2008-2011). The performance of the SANCID was judged based upon its outstanding contributions towards the mandate and mission of ICID and impressive achievements during the last three years, i.e. between the 20th and 21st ICID Congresses.

It may be recalled that a Rolling Trophy together with a Citation Plaque is awarded to the winning National Committee in every Congress year. The Rolling Trophy remains with the winning National Committee for a period of three years after which it is transferred to the next winning Committee. The first Award was won by the Korean National Committee of ICID (KCID) in 2002 in Montreal, Canada and the second Award by the Egyptian National Committee of ICID (ENCID) in 2005 in Beijing, China from whom the Trophy was passed on to the Iranian National Committee of ICID (IRNCID) who won the BPNCA-3 in 2008 at Lahore, Pakistan. The trophy will now be passed on from IRNCID to SANCID as the winner of the BPNCA-4.

Heartiest Congratulations to SANCID!

6 DVDs containing videos and learning material covering important issues under 6 themes: IWRM; Climate Change; Water Pollution, Water Quality and Waste Water; Rainwater Harvesting, Recharge, Retention and Reuse; Groundwater Management and Water, Sanitation and Hygiene was developed.

The package can be used for educational and training purposes, capacity building activities, and as an advocacy tool. It will be distributed free of cost among individuals and institutions engaged in water-related education. The project was supported by Cap-Net, GWP, IFAD, NUFFIC, RAIN, UNESCO-IHE and WGF.

For a copy, E-mail: info@thewaterchannel.tv or visit URL http://www.thewaterchannel.tv/index.php?option=com_content&view=article&id=51 for more info on the package.

King Hassan II Great World Water Prize

The Government of Morocco and the World Water Council invited candidatures for the 4th edition of the King Hassan II Great World Water Prize which will be awarded to an institution, organization, an individual or a group of individuals in honour of their outstanding contributions to the development and use of water resources, in any aspect such as scientific, economic, technical, environmental, social, institutional, cultural or political during the triennially held World Water Forum.

With the full nomination file, candidates should provide the completed application form, which can be found on the WWC website: <http://www.worldwatercouncil.org/index.php?id=1413> and return all materials no later than **31 August 2011**. The winner will be invited to the Prize Ceremony in Marseille at the opening of the 6th World Water Forum and will receive a sum of US\$ 100,000 accompanied by a trophy and a certificate.

For more information, contact the Prize Secretariat: +33 4 91 99 41 06 / hassan2@worldwatercouncil.org

Forthcoming Events

ICID Events

The 21st Congress, 62nd IEC and 8th International Micro Irrigation Congress of ICID, 15-23 October 2011, Tehran, Iran. For details of Congress, please access Congress website <<http://www.icid2011.org>>.

3rd African Regional Conference, 29 November to 05 December 2011 at Bamako, Mali. Contact: Dr. Adama SANGARE, Secretary General, AMID, Tel: +22366740894 Fax: +22320284883 and E-mail: a.sangare@betico.net. For details of Conference, please access their website <<http://www.amid-mali.org>>.

Take advantage of Irrigation and Drainage Online

The ICID journal, *Irrigation and Drainage* is available online FREE via Wiley InterScience® for all ICID Office Bearers, Workbody Members and Subscribers.

- Papers are available in easy to read PDF format
- Provides access to the full text of all articles published in *Irrigation and Drainage* since 2001, as well as Tables of Contents and Abstracts
- EarlyView® service provides papers online as soon as they have been accepted for publication, which can be several months earlier than the papers published in print
- Sign up for FREE Wiley InterScience Alerts – receive the table of contents via email as soon as an issue is published online:

Note: link to the renewed Wiley website: [http://onlinelibrary.wiley.com/journal/10.1002/\(ISSN\)1531-0361](http://onlinelibrary.wiley.com/journal/10.1002/(ISSN)1531-0361)

For 2011 Wiley has provided each ICID Office Bearer, Workbody Member and Subscriber a Membership Registration Number. Your e-mail address is your User Name and you can choose your own password.

Now available on the website **Volume 60.3, July 2011**. Click on [http://onlinelibrary.wiley.com/journal/10.1002/\(ISSN\)1531-0361](http://onlinelibrary.wiley.com/journal/10.1002/(ISSN)1531-0361) for direct access to the page with the papers of this issue of *Irrigation and Drainage* at the Wiley site
