

From Secretary General's Desk...

Dear Colleagues,

To realign its vision and mission with the UN Sustainable Development Agenda 2030, ICID readjusted its mission to **“Facilitate prudent agriculture water management by encouraging interdisciplinary approaches to irrigation and drainage management”**. The mission of ICID is proposed to be achieved by generating new knowledge, compiling and collating information, sharing experiences and good practices, disseminating the new knowledge and capacity development of the relevant stakeholders.

In this connection, I would like to draw your attention to the UN World Data Forum held its first meeting in South Africa earlier this month which has laid emphasis on the need to have accurate, reliable, and timely data to achieve sustainable development goals. ICID has been collecting such data related to agriculture water management for many years. However, it's time that we give the process of collecting this

data, that will also support identifying irrigation and drainage contribution to sustainable development. I am sure that concerned Working Groups will take note of the outcomes of the important World Data Forum.

Number of approaches and tools are available to undertake capacity development and sharing of knowledge, which include conducting training programs, developing e-Learning modules, organizing webinars (web-based seminars) etc. We have been using web-conferencing for a couple of years.

This year in 2017, we are starting ICID Webinar Series (refer page 2). Management Board took this decision in its recently concluded Virtual Meeting. The ICID Webinars Series will be used for involving large number of stakeholders beyond irrigation and drainage fraternity, which otherwise is not possible, in ICID activities and disseminate and share our experiences across the continents. The possibilities are limitless. Many other professional organizations are using this tool suiting their own requirements. It is for us to customize according to our needs and use it effectively. I solicit support and suggestions from all our patrons.

Shortly, we will issue the schedule of the first ICID Series of Webinars slated for the run up to the 23rd ICID Congress, scheduled for 8-15 October 2017 in Mexico City. We encourage our patrons to make best use of this opportunity, particularly for those who for some reasons are unable to join the physical meetings.

Subsequent to our meeting in Chiang Mai we have received encouraging response from our NCs and their inputs, which Consultative Group will take into account and start finalizing the ICID Action Plan 2030. However, we encourage the NCs who have not submitted the questionnaire yet to do so as your feedbacks in whatever form act as beacons in our efforts to provide you the required services.

NCs and Working Groups play a key role in our efforts to achieve our mission. In this Congress year, we recognize the good work being done by them through the Best Performing National Committee and Best Performing Working Group Awards. Call for nominations have been issued for these Awards.

Please note that as a followup of the decision taken in the 67th IEC regarding the change of Bank accounts for ICID to receive foreign remittance, we had requested our NCs to not to send remittance of membership fee without receiving subscription invoice. I am happy to inform that we have now settled that and we have started issuing the subscription invoices with the revised Bank Account numbers.

Wishing the ICID fraternity a very fruitful and effective networking and sharing during 2017 and beyond.

With Best Regards,

Avinash C. Tyagi
Secretary General

Nominations are invited for Awards to be presented during the 23rd ICID Congress, 2017

Best Performing National Committee Award

Nominations are invited for the **Sixth Best Performing National Committee Award (BPNCA-6)**. Applications are invited from the eligible National Committees for BPNCA-6 based on the performance during the last 3-years period between 22nd and 23rd ICID Congresses (covering calendar years 2014-2017) by submitting the duly filled in 'Entry Form' to ICID Central Office latest by **31 May 2017**. For more details please visit the link http://www.icid.org/awards_nc.html

Best Performing Workbody Award

Nominations are invited from the Chairs of the ICID Workbodies for the candidature of their work-bodies to reach ICID Central Office latest by **31 May 2017**. The fourth Best Performing Workbody Award (BPWA-5) will be presented during the 23rd ICID Congress. The Award comprises of a Citation / Certificate / Plaque to each active member of the workbody.

For more details visit http://www.icid.org/awards_wb.html

WatSave Awards

Nominations are invited for the 'WatSave Awards 2017' in four categories viz. (i) Technology; (ii) Innovative Water Management; (iii) Young Professionals; and (iv) Farmer. The deadline for the receipt of the entries from the National Committees along with a completed 'Nomination Form' in the ICID Central Office, New Delhi is **30 June 2017**.

Please visit http://www.icid.org/awards_ws.html for other details.

UN Data Forum opens in South Africa to harness power of data for sustainable development

The inaugural United Nations World Data Forum kicked off on 15 January 2017 in the South African city of Cape Town, bringing together more than 1,500 data experts from more than 100 countries, with the aim of building broad consensus on how to harness the power of data for sustainable development.

Organized by the UN in cooperation with the South African government, the four-day gathering also aimed at rallying support behind a new global action plan.

To achieve sustainable development, it is essential to have accurate, reliable, timely and disaggregated data. This will require everyone in the statistics and data community – from governments, the private sector, the scientific and academic communities and civil society – to find

ways to work across different domains and create partnerships and synergies”.

The 2030 Agenda was adopted by world leaders in September 2015 at an historic UN summit. A key component of the agenda is the 17 Sustainable Development Goals (SDGs), which came into force on 1 January 2016, and which set out new 15-year targets for global efforts to end all forms of poverty, fight inequalities and tackle climate change, while ensuring that no one is left behind.

The 2030 Agenda poses enormous challenges for the global statistical community, to modernize and improve our capacity, so that all national statistical offices become the new data hubs for data sources from across many different data systems and provide the necessary data to

inform policies, and for national, regional and global monitoring.

“To make this happen, we will need governments, international organizations, businesses, academia and civil society to join forces and work together,” he said.

New Addition for Knowledge Dissemination

In order to realize the ICID Vision 2030 which has set six organizational goals for the network: (i) Enable more crop per drop, (ii) Be a catalyst for change in policies and practices, (iii) Facilitate technology exchange, (iv) Enable cross disciplinary dialogue, (v) Support development of tools to convert research and innovation into field implementation, and (vi) Facilitate capacity development, ICID is starting ICID Webinar Series.

Recent ICID meetings have seen lot of discussion on strengthening capacity building activities in irrigation and drainage sector. During the 67th IEC meeting at Chiang Mai in November 2016, different workbodies agreed that Webinars can be used as an efficient tool to disseminate and share knowledge and vast expertise available within and outside the ICID fraternity. Members supported the idea of organizing Webinars, to be coordinated by ICID Central Office.

Webinar (short for Web-based seminar) will be in the form of presentation, lecture, workshop or seminar that will be transmitted over the Web using video conferencing software. Webinars allow groups in remote geographic locations to listen and participate in the same conference regardless of the geographic distance between them. The key feature of these Webinars will be their interactive elements: the ability to give, receive and discuss information in real-time. Participants will be able to share audio, documents and

applications with webinar attendees.

ICID Webinars will also be recorded for later viewing (sans of course the interactive elements) and will be available on ICID media. In this sense, a recorded webinar becomes a webcast.

Before starting a Webinar, members/patrons will be informed of the contents and target audience of the webinar through ICID communication channels.

ICID propose to host Webinars on Citrix platform (GoToWebinar), which provides a complete and integrated portfolio of Workspace-as-a-Service, application delivery, virtualization, mobility, network delivery and file sharing solutions that are securely available to users via the cloud or on premise and across any device or platform.

Key features of the system are: -

- Allows up to 100 Attendees
- Option to share desktop/notebook screen

- Option for online Recording of the webinar
- Registration process allows to promote the webinar and book the participation in advance
- Enables Polls & Surveys in between webinar
- Option to invite guest panelists
- Can be joined using Mobile App

Attendee quick start link http://support.citrixonline.com/en_US/webinar/video/G2WV00069

23rd International Congress on Irrigation & Drainage

8-14 October 2017, Mexico City, Mexico

Modernizing Irrigation and Drainage for a New Green Revolution

The 23rd International Congress on Irrigation and Drainage and 68th International Executive Council (IEC) Meetings will be organized by the host Mexican National Committee of ICID (MXCID) from 8-14 October 2017, Mexico City, Mexico. The main theme of the Congress is “**Modernizing Irrigation and Drainage for a New Green Revolution**”. During the Congress, papers are presented and discussed for two Questions, a Special Session, and a Symposium. The topics for the two Questions Special Session and Symposium are:

Question 60: Water Productivity: Revisiting the concepts in light of water, energy and food nexus

Q.60.1: Emerging issues and challenges of water saving, including impact of transferring water out of agriculture

Q.60.2 Understanding water productivity, water and energy use efficiency and water footprint of crops

Q.60.3 Water security for growth and development

Question 61: State of knowledge of irrigation techniques and practicalities within given socio-economic settings

Q.61.1 Adopting precision irrigation and improving surface irrigation to combat water scarcity

Q.61.2 Using ICT, remote sensing, control systems and modelling for improved performance of irrigation systems

Q.61.3 Adaptability and affordability of new technologies under different socio-economic scenarios

Spl Session: Irrigation techniques for reuse of wastewater in agriculture and its impact on health and environment

Symposium: Global Review of institutional reforms in irrigation sector for sustainable agriculture water management, including water users associations. (For the Symposium only country will be invited, including from Latin-American countries)

Seminar: Water Use in food value chains

Schedule for submission of Extended Abstracts for the two questions:

- Submission (Online) of comprehensive ‘Extended Abstracts’ (500-600 words): — **15 Dec. 2016 - 01 March 2017**
- Acceptance (Online) of Extended Abstracts: — **01-31 March 2017**
- Full Paper Submission (Online): — **01 April 2017 - 15 May 2017**
- Notification to Authors (oral/poster): — **15 May 2017 - 15 July 2017**

Guidelines for authors are available at <<http://www.icid2017.org/>>

Online Paper Submission for 23rd ICID Congress

The ‘Extended Abstracts’ must be submitted online after registering on the URL <https://easychair.org/conferences/?conf=icid2017>

All authors are requested to create a new account on the above **EasyChair URL** for submission of their Extended Abstracts

by using “sign up for an account” link as shown on the ‘Screen Catch’ in case they are not already registered on EasyChair portal earlier. Existing EasyChair users can use their account identities to submit their Extended Abstracts.

Submission Instructions

Step 1: Prepare ‘Extended Abstracts’ (500-600 words)

Step 2: Log in to the EasyChair account <https://easychair.org/conferences/?conf=icid2017>

Step 3: Select ‘Sign up for an Account’ in case you are not having an account.

To use EasyChair, one should first create an account. The procedure for obtaining an account is as below :

1. You should type the words as shown on the screen and click on “Continue”.
2. Fill the form details with name and e-mail address and click on “Continue”.
3. On submission you will receive an e-mail with a link to EasyChair account.

Step 4: Fill the details as required by EasyChair and click and ‘create’ account.

Step 5: Account created, screen appears with a link to ‘<https://easychair.org/conferences/?conf=icid2017>’.

Congress Secretariat: 23rd ICID Congress Secretariat: Dr. Gustavo Hinojosas, E-mail: gustavo.hinojosas@conagua.gob.mx; info@icid2017.org; info@mxcid.org and Website: <http://www.icid2017.org/>

Congress Coordinator: Dr. Vijay K. Labhsetwar, Director, ICID Central Office, New Delhi (E-mail: icid@icid.org) and Website: <http://www.icid.org>

Minutes

67th IEC and Workbody Meetings, Chiang Mai, Thailand – Online

The Draft Minutes of the 67th International Executive Council (IEC) and Pre-Council Meetings of Workbody meetings held from 8-12 November 2016 at Chiang Mai, Thailand, have been uploaded on the ICID website <http://www.icid.org/minutes.html>. Members are requested to provide their comments, if any, latest by **05 February 2017**. The Final Minutes prepared after inputs from the Members will be circulated via website. The printed copies of the 'Minutes' will be sent to all the National Committees (two copies each), Office Bearers, Chairs of Workbodies. In case the NCs need more copies, please inform the Central Office accordingly.

Key Changes in ICID Workbody Membership

The meetings of the ICID Workbodies were successfully held prior to the 67th International Executive Council (IEC) meetings at Chiang Mai, Thailand in November 2016. The key changes that were approved during the meeting are:

New Chairs

PCSO	VP Mr. Bong Hoon Lee (Korea)
PCTA	VP Dr. Ding Kunlun (China)
WG-ENV	VP Prof. Charlotte de Fraiture (The Netherlands)
AFRWG	VP Dr. Mohamed Abd-El-Moneim Wahba (Egypt)
WG-IDM	Ms. Mary Jean M. Gabriel (South Africa)
WG-SON-FARM	Dr. A.K. Randev (India)
C-CONGR	Mr. Luis Felipe Alcocer (Mexico)

Coordinator

IYPeF	Ms. Kathleen Heuvel (Australia)
-------	---------------------------------

Vice-Chairs

PCSO	Ms. Kathleen Heuvel
WG-IDM	Mr. Ahmet Seren (Turkey)
WG-SON-FARM	Mr. Carl Walters (Australia)

Secretaries

WG-ENV	Dr. Sylvain Perret (France)
WG-SON-FARM	Mr. Suman Sijapati (Nepal)
WG-WATS	Mr. Mortaza Yazdekhasi (Iran) - Young Professional;

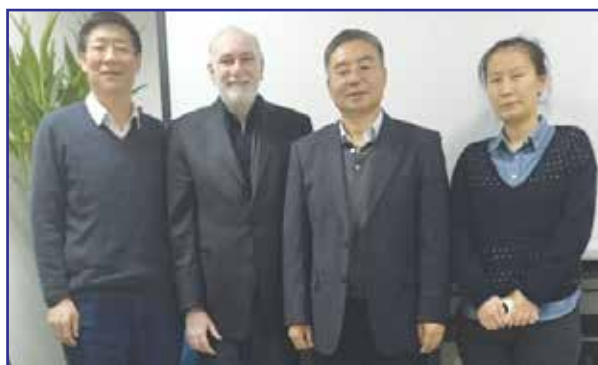

Joint Coordinators

IYPeF Ms. Adey N. Mersha (Ethiopia); Mr. Rafat Nael Al-Intaki (Iraq); Mr. Mika Turunen (Finland); Mr. Abdullahi Hassan Hussein (Somalia); and Ms. Jakia Akter (Bangladesh).

Collaboration between CNCID and PANCID

Vice President Waseem Nazir (Pakistan) visited Chinese National Committee on Irrigation and Drainage (CNCID) at Beijing, China after becoming the Vice President of ICID on 29th November 2016 for strengthening cooperation between CNCID and Pakistan National Committee on Irrigation and Drainage (PANCID). VP Nazir was well received by President Hon. Dr. Gao Zhanyi (China) and Dr. Ding Kunlun (China), Vice President of ICID and Deputy Secretary General of CNCID.

During the meeting, strengthening of cooperation between PANCID and CNCID on matters of mutual interest and strengthening relationship between

the ICID active member countries were explored. A proposal for Memorandum of Understanding (MoU) between the two

National Committees will be considered and finalized in early 2017.

Cooperation opportunity among two countries (CNCID and PANCID) enterprises in the field of irrigation and drainage was also discussed and it was agreed to explore possibilities of collaboration between MM Pakistan (Pvt.) Ltd., and China Institute of Water Resources and Hydropower Research (IWHR).

Drainage and Environmental Sustainability

The 13th Inter-national Drainage Workshop (IDW13) will be organized by the Iranian National Committee on Irrigation and Drainage (IRNCID) under the patronage of the International Commission on Irrigation and Drainage (ICID) and the auspices of the Ministry of Energy (MoE) and its subsidiary Khuzestan Water and Power Authority (KWPA), Islamic Republic of Iran, from 4-7 March 2017 at Ahwaz, Iran.

The main theme of the workshop is "Drainage and Environmental Sustainability" and four sub-themes are: (i) Measures

to improve drainage water quality; (ii) Measures to lower volume of drainage water; (iii) Adaptation of new design criteria in favour of the environment; and (iv) Application of alternative drainage methods.

The aim of the workshop is to introduce the challenges, needs and solutions facing the drainage community worldwide and to share experience on the national, regional and international scales in the field of agricultural drainage in relation to the environment.

Please access http://idw13.org/English/Conference_Registration.aspx for online registration, and <http://idw13.org/English/272-Visa> for Visa related information.

Contact: The Secretariat, 13th International Drainage Workshop (IDW13), Khuzestan Water and Power Authority (KWPA), Golestan Ave, Ahwaz, Iran, Email: 13idw2017@gmail.com, Website: <http://www.idw13.org/English>

Managing Water Systems within Fragile Environments in the Arab Region

A five-day 4th Arab Water Week (AWW4) will be organised by the Arab Countries Water Utilities Association (ACWUA), Arab Ministerial Water Council (AMWC) and the Jordanian Ministry of Water and Irrigation (MWI) during 19-23 March 2017 at Kempinski Hotel Ishtar, Dead Sea, Jordan. The main theme is “Managing Water

Systems within Fragile Environments in the Arab Region” and sub-themes include : (i) Water Resources Management Policy and Governance; (ii) Utilities leadership empowerment; (iii) Political unrest in region; (iv) Effective Utility Management Tools; (v) Water energy and food nexus; and (vi) Advancing SDGs in the Arab region.

The AWW4 provides a platform for greater coordination among the existing network of key stakeholders active in the water sector in the region. Please access <http://aww.acwua.org/> for more information.

News from ICID National Committees

ICID (Australia)

Mr. Bryan Ward (Australia), Chief Executive Officer of Irrigation Australia Limited (IAL) has informed that they have restructured Australian National Committee of ICID (ICID). Accordingly, Mr. Momir Vranes and Ms. Kathleen Heuvel have taken over as new Chair and Dy. Chair of ICID. Their contact details are:

New Chairman

Mr. Momir Vranes
Chair
Irrigation Australia's Committee on
Irrigation and Drainage (ICID)
PO Box 283
Ashgrove QLD 4060
Australia
Email : mvrane@hotmail.com

New Deputy Chairman

Ms. Kathleen Heuvel
Deputy Chair
Irrigation Australia's Committee on
Irrigation and Drainage (ICID)
PO Box 202
Fortitude Valley Qld 4006
Australia
Email: kheuvel@growcom.com.au

ICID fraternity extends its warm welcome to Mr. Momir Vranes and Ms. Kathleen Heuvel and expresses its thanks to Mr. Andrew Ogden, outgoing Chairman for his valuable contributions to ICID.

INCSW (India)

New e-mail address of Indian National Committee on Surface Water (INCSW) is <inCSW-cwc@nic.in>

Activities of INCSW during 2016

The following activities were held by INCSW in addition of India Water Week 2016 successfully organized with

participation from Asian Development Bank, FAO, IWMI and World Bank. In the field of Research, INCSW has been handling around 92 research schemes under progress in various organizations in the country with funding from the Ministry of Water Resources, River Development and Ganga Rejuvenation (MoWR, RD & GR). 2nd R&D Session of INCSW was organized on 5th September 2016 in New Delhi. The session highlighted the role of R&D in water sector in developed countries and requirement of environmental flows in water resources projects and water conflict management. INCSW organised an innovation session on ‘New Technology’ in collaboration with TERI and M/s. Yellow Tropus Pvt. Ltd on ‘Evaporation Control from Reservoirs using Floating Solar Panels on 21 December 2016 at CWC. The Session highlighted the water savings and energy production on the idle water surface areas.

PANCID (Pakistan)

On 26 December 2016, a Consultative Meeting was organized by Pakistan National Committee on Irrigation and Drainage (PANCID) Secretariat under the Chairmanship of Engr. Asjad Imtiaz Ali in Islamabad, Pakistan for revitalization of PANCID activities and interactive session with Vice President Mr. Waseem Nazir. Twenty-two members participated from all over the country, including the Heads of various organizations. PANCID members congratulated, Mr. Waseem Nazir and appreciated long-time association of Mr. Waseem Nazir with PANCID as an active member from private sector and lauded his technical contributions in the water-sector development in the country.

VP Waseem Nazir made a detailed presentation on ‘ICID Vision and Current Initiatives’ which were discussed during the 67th IEC meetings held at Chiang Mai, Thailand, November 2016. He informed the Forum, that the members

of ICID play a key role in identifying improved practices in core areas of irrigation, drainage and flood management and help promoting them through their personal efforts/national committees. He emphasized on strengthening the role of PANCID activities. During the meeting, it was decided to make PANCID website more vibrant and designate focal persons from PANCID member organizations for more effective contribution. It was also decided that PANCID would hold meetings in each provincial capital for the meaningful interaction and valuable technical input from provincial stakeholders. In this regard, the first meeting would be organized at Karachi, Pakistan in March 2017. It was also decided that two questionnaires regarding Revitalization Strategies of PANCID and Key Strategic Goals of PANCID's Revitalization would be completed by all PANCID members and sent it to PANCID Secretariat within two weeks' time. A proposal on financial sustainability of PANCID and annual business plan would be developed by a Committee and presented in the next meeting of PANCID.

Mr. Naseer Ahmed Gillani, Chief (Water), Planning Commission emphasized that water needs to be given due priority in the national agenda and assured full support from the Planning Commission to further the activities of PANCID. Representatives of PANCID Organizations have assured their full support in revitalizing PANCID activities. Chair appreciated the spirit of PANCID members for their cooperation.

USCID (USA)

New email ID of Prof. Dr. Kristoph-Dietrich Kinzli P.E. (Joint Editor of ICID Journal Editorial Board, EB-JOUR) is <kkinzli@mines.edu>

Take advantage of Irrigation and Drainage Journal Online

The ICID Journal Irrigation and Drainage is available online FREE via Wiley Online library for all ICID Office-Bearers, Workbody Chairs, Members, National Committees, and Direct Members.

The latest issue available on the website is 65, Issue 5, Page 575-772. Click on <http://onlinelibrary.wiley.com/doi/10.1002/ird.v65.5/issuetoc> for direct access to this issue of Irrigation and Drainage.

ICID members can now avail a special 35% discount on all the Wiley printed publications under the Society Discount Programme introduced recently. Members are encouraged to take advantage of this special discount.

World Soil Day 2016: Soils and pulses, a symbiosis for life

The World Soil Day (WSD) 2016 was observed on 5 December 2016 at the FAO headquarters in Rome. The theme for the day is "Soil and pulses, a symbiosis for life". The theme for the 2016 WAD focusses on the positive contributions of pulses to soil properties, such as fixing the atmosphere nitrogen and improving its biodiversity, fertility and structure.

UN Secretary-General, Dr. Ban Ki-moon said "On World Soil Day, I call for greater attention to the pressing issues affecting soils, including climate change, antimicrobial resistance, soil-borne diseases, contamination, nutrition and human health".

Nominations Invited for Heritage Irrigation Structures (HIS)

At the 67th International Executive Council (IEC) meeting held at Chiang Mai, Thailand in November 2016, twenty five Heritage Irrigation Structures were approved for inclusion in the ICID Register of Heritage Irrigation Structures, which is now projected on ICID website (http://www.icid.org/icid_his1.php).

Nominations are invited from ICID National Committees for selection of "Heritage Irrigation Structures" (HIS) older than 100 years. National Committee can nominate more than one structure, using separate nomination form for each. Associated Members and non-member countries can nominate their structures through the neighboring active national committees or by submitting directly to Central Office.

The last date for receipt of nomination of the ICID Central Office is **30 July 2017**.

Third batch of the Heritage Irrigation Structures will be included in the ICID Register of Heritage Structures and awarded a "Plaque" during the 68th IEC meeting to be held at Mexico City, Mexico in October 2017. For more information about criterion for selection procedure download details from http://www.icid.org/his_appendix_n_annexure.pdf
