He did however, outline the reason for the establishment of the committee which arose from his suggestion at the Canadian event that the 35% contribution to ICID for hosting congresses/WIFs could be a deterrent to hold future congresses/WIFs and the reason why countries are not offering to hold an event.

22. VPH Laurie Tollefson, Chair of the Task Team spoke to a presentation, which included the outcomes, prepared by the Task Team following their meeting to discuss this matter. The following key points from this meeting were included.

(a) The Task Team had considered the history of the fee structure which had been reviewed several times over the past few years.
