Side Events under Sub-Theme 1

VP Charlotte de Fraiture

Side Events

- Total side events - 17
  - Sub-theme 1 (ST 1) - 7
  - Sub-theme 2 (ST 2) - 6
  - Sub-theme 3 (ST 3) - 4
Side Events of Sub Theme 1

- SE 1 - Role of Women in Irrigation and Drainage
- SE 2 - Agricultural Water Management for Sustainable Rural Development
- SE 3 - New Developments in Irrigation and Modernization
- SE 4 - Water Productivity Assessment for Improved Irrigation Performance and Water Security
- SE 5 - History of Irrigation and Drainage around the World
- SE 16 - Sustainable Groundwater Management in Thailand and its Challenges
- SE18 - Sustainable Development in Asian Water with Asia Water Council

SE1
Role of Women in Irrigation and Drainage

Objective and Scope

- Will help understand the role of women in
  - Public and Private Sector Institutions;
  - Water User Associations (WUA's);
  - Capacity Development (Trainers/Community Organizers);
  - Irrigation Management;
  - Training and Extension Services.
SE1
Role of Women in Irrigation and Drainage

Partner Organizations: GWP-SAS, ADB, IFAD, IFPRI, IWMI, WWP
Coordinator: Mrs Badra Kamaladasa, Sri Lanka Water Partnership (SLWP),
Time and Venue: 7th November 2016, 14:00-18:30 hrs, Room- D5

SE2
Agricultural Water Management for Sustainable Rural Development

Objective and Scope
- bring together scientists and professionals engaged in the area of rural development and agricultural water management
- bring to the fore the best practices to understand the requirements of various rural development interventions
- develop collaborative mechanisms so as to mutually support the interventions for optimal rural development.
SE2
Agricultural Water Management for Sustainable Rural Development

Partner Organizations: AARDO, KRC, KCID, ICID
Coordinator: Dr. Karim Shiati (Iran), Ms. Kyung Sook Choi (Korea)
Time and Venue: 7th November 2016, 14:00-18:30 hrs, Room- B9

Objective and Scope
• Presentation of selected case studies of irrigation modernization
• understand broad overview of modernization process and approach
• adopt a working definition of irrigation modernization
• outline and initiate development of guidelines for revitalization and modernization of irrigation services through a collaborative approach.

SE3
New Developments in Irrigation and Modernization
SE3
New Developments in Irrigation and Modernization

Partner Organizations: World Bank, ADB, FAO, IWMI
Coordinator: VP Ian Makin (IWMI)
Time and Venue: 7th November 2016, 09:00-18:30 hrs, Room- B7

SE4
Water Productivity Assessment for Improved Irrigation Performance and Water Security

Objective and Scope
• to bring greater clarity in understanding water productivity
• supported by examples of applications of remote sensing technology to measure water productivity for agriculture
• with the objective to improve management and investment in irrigation systems.
Partner Organizations: ADB, IWMI, UNESCO-IHE, FAO
Coordinator: Yasmin Siddiqi, Asian Development Bank
Time and Venue: 8th November 2016, 09:00-13:15 hrs, Room- D6

Objective and Scope
• to make use of history of irrigation management as an important source of learning
• compiling and sharing the wisdoms of the past collected through Heritage Irrigation Structures (HIS) program.
• Sharing launching of World Water Heritage System program in collaboration with World Water Council will also be introduced.
SE5
History of Irrigation and Drainage around the World

Partner Organizations: CNCID, JNC-ICID, THAICID
Coordinator: PH Dr Gao Zhanyi, Chinese National Committee
Time and Venue: 8th November 2016, 09:00-13:15 hrs, Room- B7

SE16
Sustainable Groundwater Management in Thailand and Its Challenges

Objective and Scope
•平台 for sharing experiences and challenges on groundwater management to achieve sustainable groundwater management
•Promote and exchange knowledge on groundwater for finding solution towards better and sustainable water management
•Present vision and strategies of DGR on
  – groundwater potential, development, restoration and control
  – groundwater resource management plans and policies in Thailand
**SE16**

**Sustainable Groundwater Management in Thailand and Its Challenges**

**Partner Organizations:** Department of Groundwater Resources (DGR), Thailand  
**Coordinator:** Dr. Alin Chintraruk  
**Time and Venue:** 7th November 2016, 09:00-11:00 hrs, Room – D5

---

**SE18**

**Sustainable Development in Asian Water with Asia Water Council**

**Objective and Scope**

- To share the technology, knowledge and experiences on sustainable development in Asian water
- To share the activities of Asia Water Council (AWC) and available practices with members of AWC to the public
  - To open a new era to tackle Asian water problems by introducing its unique approach
- To discuss how to successfully organize the 1st Asia International Water Week
SE18
Sustainable Development in Asian Water with Asia Water Council

Partner Organizations: Asia Water Council (AWC)
Coordinator: AWC Secretariat
Time and Venue: 8th November 2016, 11:15-13:15 hrs, Room- D4

Thank You
